## **Registrar's Report**

It has been another poor year for Pure-Bred passport production, with only 3 passports produced, with a further 2 Preliminary Register and 12 Part Bred passports, although some of these were historical ones.

The Equiventus Ltd online passport system is running smoothly, and they are adding more functionality to the system all the time.

Our database has been uploaded to the Central Equine Database (CED).

## **Membership Merchandise and Marketing report**

**Membership** has been slow this year but we still have 60 members and 7 of those are new. We lost a long-term member who's elderly Trakehner from the Opposition blood lines, finally passed away and she telephoned me to say she was cancelling her standing order. For her it was the end of an era.

Life members 25

Full members 24

Junior member 1

New members 7

Associate members 3

**Merchandise** is not moving very fast although I sold two polo shirts two fleeces and a penknife this year. We realised the prices on the website were unrealistic and raised them. Sadly ears are out of stock and without raising the price substantially will remain so.

In stock

14 torches

7 knives

25 pens

There is still stock with Sian but I don't know how much

**Marketing** has not happened at all this year because we have no budget.

## **Show Report 2021**

Show report

Due to the limited number of registered Trakehners in the UK who may attend a show, and the cost involved in running one, a decision was taken for 2021 to only run a mare and stallion grading. To reduce overheads this was run jointly with NASTA and the National Pony Society also contributed to the grading costs by sending some pony stallions for assessment by our judges.

With Covid restrictions our German Verband judge was unable to attend resulting in only mares being able to come forward for grading.

4 mares were presented to judges Paul and Susan Attew with the following results -

Godington Ursula - 56.5 Points, Premium Potential and Champion

Godington Balenciaga - 55 Points, Premium Potential and Reserve Champion

Volatis Elfentime - 48.5 Points, Graded

Honeybrook Candice - 45.0 Points, Upgraded to Studbook.

Godingotn Ursula completed her NASTA performance test and has confirmed her Premium mare status.
