NOTIFICATION OF IMPLANT OF A MICROCHIP/TRANSPONDER

Trakehner Breeders Fraternity (TBF) **MUST** be notified if a microchip/transponder is inserted into a TBF passported horse at any time after a passport is issued.

If the owner at the time of implant is the owner formally recorded in the passport there is no charge for this update. The Passport does not need to be sent in and notification should be made with this form only fully completed by a Veterinary Surgeon.

If the owner at the time of implant is NOT the owner formally recorded in the passport, then the passport and a completed TBF Transfer of Ownership form and fee MUST be returned to the TBF registrar ASAP. The Change of Ownership fee is £15.00 for members & £30.00 non-members. Payment can be made on website via paypal

Only ownership details which have been stamped with the TBF stamp are valid.
Please complete the sections below in BLOCK CAPITALS

CERTIFICATION OF MICROCHIP PRESENCE (to be completed by a Veterinary Surgeon)

Full name of horse: _____

Unique Equine Life Number (UELN): _____

(this may be called the 'Equine Passport Number' or 'Registration Number' in older passports - it will start with '826')

Date of implant of transponder (if known): _____

I, the undersigned veterinarian (not to be the breeder or owner of the horse), certify that I have:

1. Checked and verified the identity of the above horse against his/her passport.
2. * Scanned and confirmed no microchip present then inserted a microchip. * Delete as applicable by crossing through the whole line of any that do not apply.
3. * Scanned and read a microchip previously inserted (but not recorded in the passport and/or the Central Equine Database (CED)).

Transponder/microchip code:
(Please affix barcode sticker if possible; otherwise please enter the code)
